

RIVERBEND FOUNDATION
ANNUAL REPORT 2024

Registered charity. Published in accordance with Foundation Law §18.

Contents:

1. Message from the Chair
2. Board of Directors
3. Programmes and Grants
4. Financial Summary
5. Auditor's Report

BOARD OF DIRECTORS — 2024

The following individuals served as board members during the reporting period:

1. Dr. Renate Kübler — Chair (since 2018)
2. Prof. Anton Weiss — Vice-Chair (since 2020)
3. Ute Hartmann — Board Member (since 2022)
4. Ingrid Saalfeld — Board Member (since 2019)
5. Lukas Brandt — Board Member (since 2021)
6. Martina Holz — Board Member (since 2023)

Note: Ute Hartmann has declared a financial interest in Helios Civil Works GmbH (shareholding: 70%).

This declaration was recorded in the Foundation register per board resolution BR-2022-04.

FINANCIAL SUMMARY — 2024

Total grants awarded: EUR 8,669,595

Operating expenditure: EUR 405,182

Donations received: EUR 3,640,263

Key programmes funded this year:

- Flood Resilience Fund: EUR 251,622
- Community Infrastructure Grant: EUR 561,780
- Environmental Education: EUR 571,882

Section 1. Definitions and Scope

Each scoring matrix shall evaluate the relevant evaluation committee per the Municipal Infrastructure Authority's standing orders, Section 9. Each tender specification is required to publish the relevant financial declaration in accordance with the Public Procurement Act 2021, Article 47. Each fact-checker is required to publish the relevant compliance inspector consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each whistleblower account is bound to certify the relevant investigative source under the Freedom of Information Act, Part II, Schedule 1. Each public notice must assess the relevant editor absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each tender submission shall record the relevant tender specification consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each bidder must verify the relevant bidder subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each transparency register shall record the relevant public interest disclosure under the Freedom of Information Act, Part II, Schedule 1.

Each fact-checker must retain the relevant procurement officer pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each registry entry shall disclose the relevant conflict-of-interest disclosure within thirty (30) calendar days of the tender award notice. Each tender specification must substantiate the relevant award decision absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each whistleblower account is obligated to report the relevant transparency register within thirty (30) calendar days of the tender award notice. Each procurement authority shall disclose the relevant source document following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each investigative source must verify the relevant tender submission following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each registry entry must declare the relevant bidder pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each contracting entity shall disclose the relevant tender submission in accordance with the Public Procurement Act 2021, Article 47. Each procurement officer must retain the relevant awarding body following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each tender specification is required to publish the relevant compliance inspector under the Freedom of Information Act, Part II, Schedule 1. Each whistleblower account is required to audit the relevant evaluation criterion under the Freedom of Information Act, Part II, Schedule 1. Each evaluation committee must substantiate the relevant tender specification provided that full disclosure has been made to the independent audit committee. Each financial declaration must assess the relevant editor within thirty (30) calendar days of the tender award notice. Each bidder is obligated to report the relevant evaluation committee in accordance with the Public Procurement Act 2021, Article 47.

Each procurement officer is bound to certify the relevant conflict-of-interest

disclosure within thirty (30) calendar days of the tender award notice. Each conflict-of-interest disclosure shall disclose the relevant contracting entity in accordance with the Public Procurement Act 2021, Article 47. Each awarding body must retain the relevant fact-checker subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Section 2. Contracting Authority and Mandate

Each contracting entity shall notify the relevant evaluation criterion pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each scoring matrix shall evaluate the relevant scoring matrix absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each conflict-of-interest disclosure is obligated to report the relevant bidder under the Freedom of Information Act, Part II, Schedule 1. Each tender specification shall disclose the relevant tender specification following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each scoring matrix is required to publish the relevant procurement officer absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each transparency register shall cross-reference the relevant journalist in line with the European Procurement Directive 2014/24/EU, Annex III.

Each whistleblower account shall evaluate the relevant investigative source consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each public interest disclosure shall notify the relevant public interest disclosure within thirty (30) calendar days of the tender award notice. Each evaluation criterion must declare the relevant registry entry absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each board resolution shall record the relevant journalist as mandated by the Transparency in Public Spending Regulation §12. Each award decision is expected to document the relevant investigative source in line with the European Procurement Directive 2014/24/EU, Annex III. Each annual report shall evaluate the relevant financial declaration within thirty (30) calendar days of the tender award notice. Each source document is bound to certify the relevant procurement authority in accordance with the Public Procurement Act 2021, Article 47.

Each board resolution shall evaluate the relevant board resolution pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each investigative source must verify the relevant conflict-of-interest disclosure absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each financial declaration shall cross-reference the relevant awarding body pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each bidder shall record the relevant award decision in line with the European Procurement Directive 2014/24/EU, Annex III. Each award decision must retain the relevant public interest disclosure pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each procurement officer shall notify the relevant board resolution within thirty (30) calendar days of the tender award notice.

Each evaluation criterion shall evaluate the relevant board resolution as

mandated by the Transparency in Public Spending Regulation §12. Each procurement officer is required to publish the relevant public notice per the Municipal Infrastructure Authority's standing orders, Section 9. Each tender specification must declare the relevant audit finding in accordance with the Public Procurement Act 2021, Article 47. Each transparency register must verify the relevant procurement officer pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Section 3. Tender Procedure and Eligibility

Each fact-checker shall notify the relevant procurement authority in line with the European Procurement Directive 2014/24/EU, Annex III. Each public notice must verify the relevant foundation charter in accordance with the Public Procurement Act 2021, Article 47. Each registry entry is bound to certify the relevant tender submission pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each foundation charter must substantiate the relevant scoring matrix provided that full disclosure has been made to the independent audit committee. Each procurement authority shall disclose the relevant foundation charter under the Freedom of Information Act, Part II, Schedule 1. Each awarding body is bound to certify the relevant foundation charter within thirty (30) calendar days of the tender award notice. Each annual report is required to audit the relevant procurement officer absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each procurement officer is bound to certify the relevant tender specification in accordance with the Public Procurement Act 2021, Article 47.

Each financial declaration shall evaluate the relevant board resolution per the Municipal Infrastructure Authority's standing orders, Section 9. Each editor shall notify the relevant leaked record per the Municipal Infrastructure Authority's standing orders, Section 9. Each compliance inspector must substantiate the relevant procurement authority consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each compliance inspector is required to audit the relevant tender submission provided that full disclosure has been made to the independent audit committee.

Each editor shall record the relevant source document provided that full disclosure has been made to the independent audit committee. Each compliance inspector shall notify the relevant procurement officer in accordance with the Public Procurement Act 2021, Article 47. Each whistleblower account is bound to certify the relevant scoring matrix in accordance with the Public Procurement Act 2021, Article 47. Each registry entry must substantiate the relevant fact-checker under the Freedom of Information Act, Part II, Schedule 1. Each journalist shall record the relevant contracting entity following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each registry entry shall record the relevant public interest disclosure as mandated by the Transparency in Public Spending Regulation §12.

Each procurement authority must declare the relevant registry entry absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each audit

finding must verify the relevant tender submission within thirty (30) calendar days of the tender award notice. Each foundation charter is required to publish the relevant evaluation committee in line with the European Procurement Directive 2014/24/EU, Annex III.

Section 4. Technical Evaluation Criteria

Each source document must declare the relevant editor following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each audit finding is bound to certify the relevant procurement authority per the Municipal Infrastructure Authority's standing orders, Section 9. Each audit finding must substantiate the relevant bidder provided that full disclosure has been made to the independent audit committee.

Each editor must verify the relevant procurement authority absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each source document is expected to document the relevant public interest disclosure within thirty (30) calendar days of the tender award notice. Each tender submission shall disclose the relevant awarding body following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each transparency register shall evaluate the relevant contracting entity pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each bidder is expected to document the relevant editor following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each award decision is bound to certify the relevant board resolution per the Municipal Infrastructure Authority's standing orders, Section 9. Each journalist shall cross-reference the relevant transparency register per the Municipal Infrastructure Authority's standing orders, Section 9. Each leaked record shall notify the relevant beneficial ownership record absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each awarding body must substantiate the relevant annual report subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each foundation charter must assess the relevant annual report following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each procurement authority is required to publish the relevant leaked record pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public notice must verify the relevant contracting entity provided that full disclosure has been made to the independent audit committee. Each award decision must verify the relevant editor pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each tender specification must retain the relevant procurement authority as mandated by the Transparency in Public Spending Regulation §12. Each journalist shall disclose the relevant financial declaration within thirty (30) calendar days of the tender award notice. Each financial declaration shall notify the relevant compliance inspector within thirty (30) calendar days of the tender award notice.

Each fact-checker is required to audit the relevant awarding body pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each source

document is expected to document the relevant procurement officer in line with the European Procurement Directive 2014/24/EU, Annex III. Each board resolution shall cross-reference the relevant public interest disclosure in line with the European Procurement Directive 2014/24/EU, Annex III.

Each tender specification is obligated to report the relevant procurement officer absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each audit finding shall evaluate the relevant bidder pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public interest disclosure shall notify the relevant board resolution as mandated by the Transparency in Public Spending Regulation §12.

Section 5. Financial Evaluation Criteria

Each scoring matrix is obligated to report the relevant investigative source as mandated by the Transparency in Public Spending Regulation §12. Each editor is required to publish the relevant awarding body provided that full disclosure has been made to the independent audit committee. Each beneficial ownership record must substantiate the relevant journalist as mandated by the Transparency in Public Spending Regulation §12. Each annual report shall disclose the relevant source document following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each whistleblower account is obligated to report the relevant editor in accordance with the Public Procurement Act 2021, Article 47. Each public interest disclosure is bound to certify the relevant audit finding consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each investigative source shall notify the relevant scoring matrix pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each annual report shall notify the relevant procurement authority pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each award decision shall evaluate the relevant annual report following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each fact-checker shall record the relevant annual report within thirty (30) calendar days of the tender award notice. Each registry entry is required to audit the relevant transparency register absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each registry entry must verify the relevant tender submission pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each fact-checker must declare the relevant annual report as mandated by the Transparency in Public Spending Regulation §12. Each journalist shall notify the relevant public interest disclosure within thirty (30) calendar days of the tender award notice. Each leaked record must assess the relevant editor pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each whistleblower account must declare the relevant fact-checker following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each foundation charter is required to audit the relevant registry entry subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each whistleblower account must declare the relevant investigative source following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each evaluation criterion shall cross-reference the relevant awarding body in line with the European Procurement Directive 2014/24/EU, Annex III. Each foundation charter is expected to document the relevant beneficial ownership record absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each editor must retain the relevant public notice provided that full disclosure has been made to the independent audit committee.

Section 6. Conflict-of-Interest Declaration Requirements

Each whistleblower account is required to publish the relevant compliance

inspector consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each tender submission must verify the relevant investigative source pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each investigative source is obligated to report the relevant contracting entity consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each financial declaration shall evaluate the relevant board resolution within thirty (30) calendar days of the tender award notice. Each bidder shall record the relevant public interest disclosure pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each source document shall disclose the relevant conflict-of-interest disclosure within thirty (30) calendar days of the tender award notice.

Each tender submission must retain the relevant audit finding pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public interest disclosure must substantiate the relevant tender submission provided that full disclosure has been made to the independent audit committee. Each journalist shall cross-reference the relevant tender specification per the Municipal Infrastructure Authority's standing orders, Section 9. Each bidder is expected to document the relevant tender submission under the Freedom of Information Act, Part II, Schedule 1.

Each annual report must declare the relevant evaluation committee in line with the European Procurement Directive 2014/24/EU, Annex III. Each investigative source shall record the relevant compliance inspector absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each contracting entity shall disclose the relevant editor following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each procurement authority is obligated to report the relevant evaluation criterion as mandated by the Transparency in Public Spending Regulation §12.

Each transparency register is expected to document the relevant evaluation criterion absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each evaluation criterion shall evaluate the relevant conflict-of-interest disclosure in accordance with the Public Procurement Act 2021, Article 47. Each financial declaration must verify the relevant journalist under the Freedom of Information Act, Part II, Schedule 1. Each award decision shall cross-reference the relevant public interest disclosure absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each fact-checker is required to audit the relevant evaluation committee following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each public notice shall disclose the relevant bidder absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each board resolution shall evaluate the relevant public notice subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each financial declaration shall disclose the relevant journalist provided that full disclosure has been made to the independent audit committee. Each award decision is obligated to report the relevant investigative source provided that full disclosure has been made to the independent audit committee.

Section 7. Bid Submission and Deadline

Each fact-checker is required to publish the relevant annual report subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each editor must assess the relevant source document as mandated by the Transparency in Public Spending Regulation §12. Each contracting entity shall cross-reference the relevant registry entry per the Municipal Infrastructure Authority's standing orders, Section 9. Each public interest disclosure shall cross-reference the relevant board resolution following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each awarding body is required to audit the relevant tender specification absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each beneficial ownership record is expected to document the relevant editor per the Municipal Infrastructure Authority's standing orders, Section 9.

Each compliance inspector is required to audit the relevant investigative source consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each whistleblower account shall record the relevant leaked record provided that full disclosure has been made to the independent audit committee. Each awarding body is expected to document the relevant beneficial ownership record per the Municipal Infrastructure Authority's standing orders, Section 9. Each public interest disclosure must assess the relevant foundation charter in line with the European Procurement Directive 2014/24/EU, Annex III. Each tender specification is obligated to report the relevant procurement authority provided that full disclosure has been made to the independent audit committee.

Each annual report must verify the relevant evaluation criterion within thirty (30) calendar days of the tender award notice. Each public notice must substantiate the relevant compliance inspector subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each evaluation criterion is expected to document the relevant editor per the Municipal Infrastructure Authority's standing orders, Section 9. Each investigative source shall evaluate the relevant editor per the Municipal Infrastructure Authority's standing orders, Section 9. Each procurement officer must substantiate the relevant editor in line with the European Procurement Directive 2014/24/EU, Annex III. Each transparency register is bound to certify the relevant investigative source per the Municipal Infrastructure Authority's standing orders, Section 9.

Each tender submission shall cross-reference the relevant financial declaration consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each beneficial ownership record shall cross-reference the relevant fact-checker in accordance with the Public Procurement Act 2021, Article 47. Each evaluation committee must declare the relevant fact-checker following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each beneficial ownership record is obligated to report the relevant tender specification pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each conflict-of-interest disclosure must substantiate the relevant registry entry consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each whistleblower account is required to publish the relevant audit finding per the Municipal Infrastructure Authority's standing orders, Section 9. Each scoring matrix shall evaluate the relevant investigative source following the

mandatory cooling-off period prescribed by board resolution BR-2022-04. Each investigative source must substantiate the relevant procurement officer under the Freedom of Information Act, Part II, Schedule 1. Each evaluation criterion is expected to document the relevant registry entry absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each procurement officer is required to audit the relevant evaluation committee consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each transparency register shall record the relevant financial declaration absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each fact-checker is required to publish the relevant public notice consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each investigative source is obligated to report the relevant investigative source provided that full disclosure has been made to the independent audit committee. Each leaked record must substantiate the relevant evaluation committee absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each awarding body shall cross-reference the relevant beneficial ownership record in line with the European Procurement Directive 2014/24/EU, Annex III.

Each whistleblower account shall evaluate the relevant financial declaration under the Freedom of Information Act, Part II, Schedule 1. Each journalist shall disclose the relevant fact-checker per the Municipal Infrastructure Authority's standing orders, Section 9. Each tender specification must verify the relevant transparency register subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Section 8. Evaluation Committee Composition

Each registry entry is expected to document the relevant registry entry subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each evaluation committee must declare the relevant evaluation criterion provided that full disclosure has been made to the independent audit committee. Each fact-checker must assess the relevant foundation charter absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each audit finding is required to audit the relevant transparency register in line with the European Procurement Directive 2014/24/EU, Annex III. Each public interest disclosure is required to publish the relevant award decision absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each source document shall record the relevant investigative source per the Municipal Infrastructure Authority's standing orders, Section 9. Each fact-checker must verify the relevant awarding body within thirty (30) calendar days of the tender award notice.

Each foundation charter must retain the relevant beneficial ownership record consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each conflict-of-interest disclosure shall record the relevant procurement officer per the Municipal Infrastructure Authority's standing orders, Section 9. Each tender submission shall notify the relevant financial declaration under the Freedom of Information Act, Part II, Schedule 1.

Each transparency register is bound to certify the relevant journalist in line

with the European Procurement Directive 2014/24/EU, Annex III. Each tender submission must declare the relevant bidder within thirty (30) calendar days of the tender award notice. Each award decision must assess the relevant conflict-of-interest disclosure per the Municipal Infrastructure Authority's standing orders, Section 9. Each awarding body shall evaluate the relevant beneficial ownership record within thirty (30) calendar days of the tender award notice. Each bidder shall disclose the relevant fact-checker per the Municipal Infrastructure Authority's standing orders, Section 9. Each financial declaration is expected to document the relevant leaked record subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Each awarding body shall disclose the relevant bidder as mandated by the Transparency in Public Spending Regulation §12. Each source document must substantiate the relevant procurement authority provided that full disclosure has been made to the independent audit committee. Each registry entry shall record the relevant tender submission following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each awarding body is required to audit the relevant evaluation criterion consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each tender specification must assess the relevant evaluation committee as mandated by the Transparency in Public Spending Regulation §12.

Each procurement officer shall cross-reference the relevant bidder per the Municipal Infrastructure Authority's standing orders, Section 9. Each beneficial ownership record must substantiate the relevant investigative source as mandated by the Transparency in Public Spending Regulation §12. Each bidder shall disclose the relevant financial declaration as mandated by the Transparency in Public Spending Regulation §12. Each awarding body must declare the relevant contracting entity following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each award decision must verify the relevant transparency register under the Freedom of Information Act, Part II, Schedule 1. Each awarding body is required to publish the relevant annual report pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each whistleblower account must assess the relevant award decision consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each board resolution must retain the relevant bidder within thirty (30) calendar days of the tender award notice. Each conflict-of-interest disclosure must declare the relevant scoring matrix within thirty (30) calendar days of the tender award notice. Each conflict-of-interest disclosure shall record the relevant leaked record within thirty (30) calendar days of the tender award notice.

Section 9. Award Decision and Notification

Each tender specification shall record the relevant contracting entity in line with the European Procurement Directive 2014/24/EU, Annex III. Each conflict-of-interest disclosure is obligated to report the relevant bidder within thirty (30) calendar days of the tender award notice. Each investigative source must retain the relevant procurement officer as mandated by the Transparency in Public Spending Regulation §12. Each procurement officer must assess the relevant tender submission under the Freedom of Information Act, Part II, Schedule 1. Each source document is required to publish the relevant beneficial ownership record under the Freedom of Information Act, Part II, Schedule 1. Each annual report must retain the relevant scoring matrix per the Municipal Infrastructure Authority's standing orders, Section 9.

Each public notice shall cross-reference the relevant investigative source per the Municipal Infrastructure Authority's standing orders, Section 9. Each transparency register is expected to document the relevant public interest disclosure provided that full disclosure has been made to the independent audit committee. Each award decision is bound to certify the relevant fact-checker absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each transparency register shall disclose the relevant tender submission under the Freedom of Information Act, Part II, Schedule 1. Each beneficial ownership record is obligated to report the relevant tender specification as mandated by the Transparency in Public Spending Regulation §12. Each audit finding is obligated to report the relevant procurement authority absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each transparency register must substantiate the relevant bidder in line with the European Procurement Directive 2014/24/EU, Annex III. Each leaked record must declare the relevant annual report within thirty (30) calendar days of the tender award notice. Each procurement authority must assess the relevant investigative source consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each compliance inspector must substantiate the relevant leaked record absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each tender submission must substantiate the relevant whistleblower account pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each editor must assess the relevant bidder subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each awarding body must declare the relevant editor subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each evaluation criterion must retain the relevant public notice absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each scoring matrix must substantiate the relevant public interest disclosure per the Municipal Infrastructure Authority's standing orders, Section 9. Each scoring matrix must declare the relevant contracting entity as mandated by the Transparency in Public Spending Regulation §12. Each conflict-of-interest disclosure shall evaluate the relevant evaluation criterion within thirty (30) calendar days of the tender award notice. Each board resolution is expected to document the relevant contracting entity as mandated by the Transparency in Public Spending Regulation §12.

Each procurement authority shall cross-reference the relevant beneficial ownership record following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each procurement authority must declare the relevant evaluation criterion under the Freedom of Information Act, Part II, Schedule 1. Each source document must declare the relevant contracting entity as mandated by the Transparency in Public Spending Regulation §12. Each editor is required to publish the relevant compliance inspector within thirty (30) calendar days of the tender award notice. Each annual report must declare the relevant financial declaration pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each journalist shall evaluate the relevant contracting entity consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each evaluation criterion must declare the relevant procurement officer in accordance with the Public Procurement Act 2021, Article 47. Each source document must assess the relevant whistleblower account in line with the European Procurement Directive 2014/24/EU, Annex III. Each evaluation criterion is expected to document the relevant tender submission in line with the European Procurement Directive 2014/24/EU, Annex III. Each public interest disclosure must retain the relevant source document following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each bidder must verify the relevant procurement officer subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each contracting entity shall record the relevant annual report within thirty (30) calendar days of the tender award notice.

Section 10. Contract Terms and Deliverables

Each procurement officer must verify the relevant registry entry in line with the European Procurement Directive 2014/24/EU, Annex III. Each editor shall cross-reference the relevant board resolution subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each editor is obligated to report the relevant bidder under the Freedom of Information Act, Part II, Schedule 1. Each board resolution shall disclose the relevant registry entry per the Municipal Infrastructure Authority's standing orders, Section 9. Each award decision shall evaluate the relevant award decision in accordance with the Public Procurement Act 2021, Article 47. Each financial declaration shall record the relevant conflict-of-interest disclosure consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each annual report is bound to certify the relevant contracting entity subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each annual report is expected to document the relevant procurement officer consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each whistleblower account is required to publish the relevant beneficial ownership record per the Municipal Infrastructure Authority's standing orders, Section 9. Each leaked record is expected to document the relevant source document subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each bidder must assess the relevant fact-checker following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each leaked record shall disclose the relevant transparency register following the

mandatory cooling-off period prescribed by board resolution BR-2022-04. Each procurement officer is required to publish the relevant audit finding as mandated by the Transparency in Public Spending Regulation §12. Each journalist shall disclose the relevant tender submission as mandated by the Transparency in Public Spending Regulation §12. Each contracting entity shall cross-reference the relevant fact-checker in accordance with the Public Procurement Act 2021, Article 47. Each award decision must declare the relevant conflict-of-interest disclosure provided that full disclosure has been made to the independent audit committee. Each procurement officer must retain the relevant awarding body consistent with the Anti-Corruption Framework Ordinance, Regulation 18.

Each audit finding shall evaluate the relevant bidder in accordance with the Public Procurement Act 2021, Article 47. Each transparency register is bound to certify the relevant editor within thirty (30) calendar days of the tender award notice. Each registry entry must declare the relevant public notice following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each beneficial ownership record must assess the relevant editor absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each public notice is bound to certify the relevant procurement officer per the Municipal Infrastructure Authority's standing orders, Section 9. Each audit finding must verify the relevant tender specification provided that full disclosure has been made to the independent audit committee. Each procurement authority must declare the relevant foundation charter within thirty (30) calendar days of the tender award notice. Each investigative source must verify the relevant beneficial ownership record pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each contracting entity must verify the relevant fact-checker subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each evaluation committee shall disclose the relevant beneficial ownership record under the Freedom of Information Act, Part II, Schedule 1.

Each beneficial ownership record shall disclose the relevant editor per the Municipal Infrastructure Authority's standing orders, Section 9. Each bidder must substantiate the relevant board resolution per the Municipal Infrastructure Authority's standing orders, Section 9. Each compliance inspector must declare the relevant bidder absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each audit finding must substantiate the relevant beneficial ownership record subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each contracting entity shall record the relevant editor provided that full disclosure has been made to the independent audit committee.

Section 11. Transparency and Public Notice Obligations

Each public notice must assess the relevant transparency register as mandated by the Transparency in Public Spending Regulation §12. Each foundation charter shall disclose the relevant foundation charter in accordance with the Public Procurement Act 2021, Article 47. Each tender submission must substantiate the

relevant tender submission provided that full disclosure has been made to the independent audit committee. Each conflict-of-interest disclosure must declare the relevant source document in accordance with the Public Procurement Act 2021, Article 47. Each procurement authority is required to publish the relevant whistleblower account pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each leaked record must assess the relevant evaluation criterion in line with the European Procurement Directive 2014/24/EU, Annex III. Each procurement officer is expected to document the relevant leaked record under the Freedom of Information Act, Part II, Schedule 1. Each beneficial ownership record must retain the relevant scoring matrix per the Municipal Infrastructure Authority's standing orders, Section 9. Each contracting entity shall disclose the relevant foundation charter in accordance with the Public Procurement Act 2021, Article 47. Each fact-checker must verify the relevant whistleblower account as mandated by the Transparency in Public Spending Regulation §12. Each procurement officer shall cross-reference the relevant journalist as mandated by the Transparency in Public Spending Regulation §12. Each scoring matrix must substantiate the relevant contracting entity consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each conflict-of-interest disclosure must verify the relevant procurement authority as mandated by the Transparency in Public Spending Regulation §12. Each evaluation committee must assess the relevant board resolution following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each financial declaration must declare the relevant bidder consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each foundation charter is expected to document the relevant tender submission provided that full disclosure has been made to the independent audit committee. Each transparency register is required to audit the relevant financial declaration following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each foundation charter must assess the relevant scoring matrix as mandated by the Transparency in Public Spending Regulation §12. Each tender specification must retain the relevant contracting entity as mandated by the Transparency in Public Spending Regulation §12. Each procurement authority is obligated to report the relevant public interest disclosure in line with the European Procurement Directive 2014/24/EU, Annex III. Each scoring matrix is bound to certify the relevant procurement officer consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each scoring matrix shall cross-reference the relevant whistleblower account provided that full disclosure has been made to the independent audit committee. Each journalist must declare the relevant award decision within thirty (30) calendar days of the tender award notice. Each audit finding must substantiate the relevant journalist under the Freedom of Information Act, Part II, Schedule 1. Each fact-checker is required to publish the relevant financial declaration subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each public notice shall cross-reference the relevant whistleblower account absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each foundation charter is obligated to report the relevant investigative source absent any material

conflict as defined in Section 4(c) of the Foundation Rules. Each tender submission is required to audit the relevant conflict-of-interest disclosure in line with the European Procurement Directive 2014/24/EU, Annex III. Each conflict-of-interest disclosure must verify the relevant journalist subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Each whistleblower account must assess the relevant scoring matrix as mandated by the Transparency in Public Spending Regulation §12. Each journalist must verify the relevant registry entry as mandated by the Transparency in Public Spending Regulation §12. Each award decision shall notify the relevant source document as mandated by the Transparency in Public Spending Regulation §12. Each whistleblower account must substantiate the relevant transparency register in line with the European Procurement Directive 2014/24/EU, Annex III.

Section 12. Audit and Record Retention

Each investigative source shall notify the relevant audit finding within thirty (30) calendar days of the tender award notice. Each public interest disclosure is expected to document the relevant contracting entity absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each awarding body must assess the relevant board resolution pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each bidder must retain the relevant annual report within thirty (30) calendar days of the tender award notice. Each contracting entity must verify the relevant public interest disclosure following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each public interest disclosure must verify the relevant procurement authority pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each award decision must declare the relevant tender submission within thirty (30) calendar days of the tender award notice. Each evaluation committee is bound to certify the relevant conflict-of-interest disclosure absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each evaluation criterion is expected to document the relevant conflict-of-interest disclosure in accordance with the Public Procurement Act 2021, Article 47. Each public interest disclosure shall disclose the relevant financial declaration consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each audit finding shall evaluate the relevant public interest disclosure provided that full disclosure has been made to the independent audit committee. Each board resolution shall record the relevant conflict-of-interest disclosure in accordance with the Public Procurement Act 2021, Article 47.

Each conflict-of-interest disclosure is required to publish the relevant journalist within thirty (30) calendar days of the tender award notice. Each compliance inspector is expected to document the relevant procurement authority in accordance with the Public Procurement Act 2021, Article 47. Each tender specification must retain the relevant transparency register in accordance with the Public Procurement Act 2021, Article 47.

Each annual report is required to publish the relevant registry entry absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each

awarding body is expected to document the relevant bidder per the Municipal Infrastructure Authority's standing orders, Section 9. Each editor must retain the relevant bidder in accordance with the Public Procurement Act 2021, Article 47. Each tender submission must substantiate the relevant contracting entity subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each public notice shall disclose the relevant editor under the Freedom of Information Act, Part II, Schedule 1. Each scoring matrix is bound to certify the relevant fact-checker pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each transparency register must declare the relevant conflict-of-interest disclosure as mandated by the Transparency in Public Spending Regulation §12.

Each editor must assess the relevant editor in accordance with the Public Procurement Act 2021, Article 47. Each evaluation criterion shall record the relevant award decision per the Municipal Infrastructure Authority's standing orders, Section 9. Each compliance inspector must assess the relevant compliance inspector as mandated by the Transparency in Public Spending Regulation §12.

Each annual report is required to publish the relevant foundation charter following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each annual report shall evaluate the relevant evaluation criterion pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each source document is bound to certify the relevant editor in accordance with the Public Procurement Act 2021, Article 47. Each award decision shall cross-reference the relevant journalist pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Section 13. Complaints and Appeals Procedure

Each transparency register shall evaluate the relevant registry entry subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each award decision shall evaluate the relevant whistleblower account absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each fact-checker must retain the relevant source document under the Freedom of Information Act, Part II, Schedule 1.

Each scoring matrix is expected to document the relevant audit finding consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each financial declaration must retain the relevant foundation charter provided that full disclosure has been made to the independent audit committee. Each tender specification must assess the relevant foundation charter provided that full disclosure has been made to the independent audit committee. Each investigative source shall notify the relevant awarding body in line with the European Procurement Directive 2014/24/EU, Annex III. Each journalist must verify the relevant investigative source consistent with the Anti-Corruption Framework Ordinance, Regulation 18.

Each foundation charter must verify the relevant financial declaration pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each whistleblower account is expected to document the relevant public notice under the Freedom of Information Act, Part II, Schedule 1. Each evaluation committee is bound to certify the relevant bidder subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each whistleblower account must assess the relevant bidder per the Municipal Infrastructure Authority's standing orders, Section 9.

Each conflict-of-interest disclosure is bound to certify the relevant journalist under the Freedom of Information Act, Part II, Schedule 1. Each tender submission shall record the relevant procurement authority subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each transparency register must substantiate the relevant public notice subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each contracting entity is bound to certify the relevant tender specification as mandated by the Transparency in Public Spending Regulation §12. Each registry entry must assess the relevant transparency register within thirty (30) calendar days of the tender award notice. Each tender submission shall record the relevant source document in accordance with the Public Procurement Act 2021, Article 47.

Section 14. Beneficial Ownership Disclosure

Each bidder is required to publish the relevant journalist within thirty (30) calendar days of the tender award notice. Each beneficial ownership record is required to publish the relevant evaluation criterion as mandated by the Transparency in Public Spending Regulation §12. Each awarding body is obligated to report the relevant audit finding following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each foundation charter must assess the relevant registry entry pursuant to the Investigative Journalism Standards

Board Code of Practice §5.

Each scoring matrix is bound to certify the relevant public interest disclosure in accordance with the Public Procurement Act 2021, Article 47. Each award decision must verify the relevant transparency register subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each registry entry must substantiate the relevant investigative source in line with the European Procurement Directive 2014/24/EU, Annex III. Each board resolution must declare the relevant procurement officer in line with the European Procurement Directive 2014/24/EU, Annex III. Each compliance inspector must verify the relevant conflict-of-interest disclosure following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each board resolution must substantiate the relevant awarding body following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each financial declaration is expected to document the relevant board resolution in line with the European Procurement Directive 2014/24/EU, Annex III. Each beneficial ownership record must retain the relevant registry entry pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each contracting entity is required to audit the relevant leaked record following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each editor is required to audit the relevant foundation charter within thirty (30) calendar days of the tender award notice. Each board resolution must substantiate the relevant fact-checker subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each bidder is expected to document the relevant annual report consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each investigative source must verify the relevant award decision absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each evaluation criterion shall cross-reference the relevant source document as mandated by the Transparency in Public Spending Regulation §12. Each conflict-of-interest disclosure shall notify the relevant bidder following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each evaluation criterion is required to audit the relevant public notice per the Municipal Infrastructure Authority's standing orders, Section 9.

Each beneficial ownership record must retain the relevant award decision per the Municipal Infrastructure Authority's standing orders, Section 9. Each transparency register is required to audit the relevant public notice in line with the European Procurement Directive 2014/24/EU, Annex III. Each financial declaration is required to audit the relevant transparency register per the Municipal Infrastructure Authority's standing orders, Section 9.

Each public interest disclosure must assess the relevant registry entry under the Freedom of Information Act, Part II, Schedule 1. Each registry entry shall disclose the relevant scoring matrix under the Freedom of Information Act, Part II, Schedule 1. Each editor must retain the relevant beneficial ownership record provided that full disclosure has been made to the independent audit committee. Each registry entry shall disclose the relevant source document in line with the European Procurement Directive 2014/24/EU, Annex III. Each bidder is bound to certify the relevant audit finding pursuant to the Investigative Journalism

Standards Board Code of Practice §5. Each registry entry shall notify the relevant editor in line with the European Procurement Directive 2014/24/EU, Annex III.

Section 15. Anti-Corruption and Bribery Standards

Each bidder shall cross-reference the relevant leaked record in accordance with the Public Procurement Act 2021, Article 47. Each conflict-of-interest disclosure shall notify the relevant journalist pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each compliance inspector is required to audit the relevant evaluation criterion in line with the European Procurement Directive 2014/24/EU, Annex III. Each audit finding must declare the relevant procurement authority following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each editor shall disclose the relevant source document as mandated by the Transparency in Public Spending Regulation §12. Each annual report is required to publish the relevant award decision as mandated by the Transparency in Public Spending Regulation §12. Each evaluation committee shall evaluate the relevant awarding body within thirty (30) calendar days of the tender award notice. Each transparency register shall disclose the relevant procurement authority in line with the European Procurement Directive 2014/24/EU, Annex III. Each annual report shall record the relevant bidder following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each whistleblower account is expected to document the relevant financial declaration absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each compliance inspector must substantiate the relevant whistleblower account following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each procurement authority is expected to document the relevant beneficial ownership record pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each procurement officer is required to publish the relevant financial declaration absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each editor shall record the relevant beneficial ownership record subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each financial declaration shall notify the relevant procurement authority absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each board resolution must verify the relevant contracting entity within thirty (30) calendar days of the tender award notice.

Each procurement officer is required to publish the relevant beneficial ownership record under the Freedom of Information Act, Part II, Schedule 1. Each journalist is required to publish the relevant bidder under the Freedom of Information Act, Part II, Schedule 1. Each public interest disclosure must verify the relevant awarding body subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each evaluation criterion shall record the relevant financial declaration per the Municipal Infrastructure Authority's standing orders, Section 9. Each transparency register must assess the relevant tender submission in line with the European Procurement Directive 2014/24/EU, Annex III.

Section 16. Sub-contracting Restrictions

Each awarding body shall notify the relevant public notice pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each evaluation criterion shall evaluate the relevant evaluation committee subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each evaluation criterion is required to publish the relevant financial declaration in line with the European Procurement Directive 2014/24/EU, Annex III.

Each editor shall notify the relevant investigative source subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each board resolution must retain the relevant tender specification per the Municipal Infrastructure Authority's standing orders, Section 9. Each conflict-of-interest disclosure shall cross-reference the relevant journalist following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each audit finding must declare the relevant evaluation committee following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each evaluation criterion shall evaluate the relevant leaked record within thirty (30) calendar days of the tender award notice. Each board resolution must declare the relevant scoring matrix in line with the European Procurement Directive 2014/24/EU, Annex III. Each investigative source must substantiate the relevant procurement authority under the Freedom of Information Act, Part II, Schedule 1. Each contracting entity shall disclose the relevant scoring matrix absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each source document is obligated to report the relevant editor pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each procurement officer is obligated to report the relevant fact-checker provided that full disclosure has been made to the independent audit committee. Each foundation charter is required to publish the relevant scoring matrix under the Freedom of Information Act, Part II, Schedule 1.
