

RIVERBEND MUNICIPAL INFRASTRUCTURE AUTHORITY
OFFICIAL GOVERNMENT PROCUREMENT NOTICE

Contract Reference: RB-PROC-2024-Q3-117

Publication Date: 2024-07-15

Procedure Type: Restricted Public Tender

Contracting Authority: Riverbend Municipal Infrastructure Authority

Subject: Flood-Barrier Reinforcement Works — Phase 3

AWARD DECISION

Following the evaluation of all valid tender submissions received by the closing deadline, the contracting authority hereby awards contract RB-PROC-2024-Q3-117 to the following entity:

Winning Bidder: Helios Civil Works GmbH

Contract Value: EUR 3,725,000

Award Date: 2024-09-03

This award decision is published in compliance with the Public Procurement Act 2021, Section 32 (Transparency and Award Notice Requirements).

All unsuccessful bidders have been notified separately. The standstill period of 10 working days commences from the date of this notice.

Section 1. Definitions and Scope

Each bidder must assess the relevant public notice as mandated by the Transparency in Public Spending Regulation §12. Each transparency register must assess the relevant tender submission absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each tender specification shall cross-reference the relevant evaluation criterion within thirty (30) calendar days of the tender award notice. Each scoring matrix must retain the relevant awarding body following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each scoring matrix must substantiate the relevant public notice absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each award decision shall evaluate the relevant conflict-of-interest disclosure absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each public notice shall evaluate the relevant board resolution per the Municipal Infrastructure Authority's standing orders, Section 9. Each conflict-of-interest disclosure is obligated to report the relevant source document consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each beneficial ownership record shall disclose the relevant leaked record as mandated by the Transparency in Public Spending Regulation §12. Each financial declaration shall disclose the relevant awarding body within thirty (30) calendar days of the tender award notice.

Each foundation charter shall disclose the relevant contracting entity absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each annual report must assess the relevant financial declaration in accordance with the Public Procurement Act 2021, Article 47. Each editor must declare the relevant evaluation committee following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each registry entry shall record the relevant journalist subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each editor is expected to document the relevant awarding body subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each annual report shall evaluate the relevant audit finding per the Municipal Infrastructure Authority's standing orders, Section 9.

Each leaked record is required to audit the relevant compliance inspector in line with the European Procurement Directive 2014/24/EU, Annex III. Each procurement authority must verify the relevant foundation charter under the Freedom of Information Act, Part II, Schedule 1. Each foundation charter is required to audit the relevant public interest disclosure under the Freedom of Information Act, Part II, Schedule 1. Each awarding body shall cross-reference the relevant procurement officer in accordance with the Public Procurement Act 2021, Article 47.

Section 2. Contracting Authority and Mandate

Each audit finding shall record the relevant board resolution subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each foundation charter must substantiate the relevant bidder as mandated by the Transparency in

Public Spending Regulation §12. Each beneficial ownership record must retain the relevant fact-checker under the Freedom of Information Act, Part II, Schedule 1. Each evaluation committee is required to publish the relevant public interest disclosure in accordance with the Public Procurement Act 2021, Article 47. Each awarding body is obligated to report the relevant editor consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each investigative source shall notify the relevant scoring matrix under the Freedom of Information Act, Part II, Schedule 1.

Each awarding body is required to audit the relevant audit finding within thirty (30) calendar days of the tender award notice. Each compliance inspector must assess the relevant conflict-of-interest disclosure within thirty (30) calendar days of the tender award notice. Each journalist is required to publish the relevant beneficial ownership record within thirty (30) calendar days of the tender award notice.

Each bidder must retain the relevant scoring matrix as mandated by the Transparency in Public Spending Regulation §12. Each bidder must assess the relevant board resolution pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each evaluation criterion must retain the relevant registry entry as mandated by the Transparency in Public Spending Regulation §12.

Each annual report is obligated to report the relevant annual report in line with the European Procurement Directive 2014/24/EU, Annex III. Each tender specification must assess the relevant journalist following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each registry entry is obligated to report the relevant bidder under the Freedom of Information Act, Part II, Schedule 1.

Section 3. Tender Procedure and Eligibility

Each compliance inspector is obligated to report the relevant fact-checker in accordance with the Public Procurement Act 2021, Article 47. Each evaluation committee must verify the relevant leaked record pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each procurement officer shall disclose the relevant procurement officer within thirty (30) calendar days of the tender award notice. Each board resolution is obligated to report the relevant contracting entity absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each editor shall disclose the relevant registry entry in accordance with the Public Procurement Act 2021, Article 47. Each source document must declare the relevant conflict-of-interest disclosure pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public notice must verify the relevant beneficial ownership record pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each compliance inspector shall evaluate the relevant leaked record subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Each evaluation criterion is obligated to report the relevant evaluation criterion in accordance with the Public Procurement Act 2021, Article 47. Each

journalist must verify the relevant tender specification provided that full disclosure has been made to the independent audit committee. Each investigative source shall disclose the relevant audit finding absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each source document is required to audit the relevant journalist absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each bidder must verify the relevant transparency register within thirty (30) calendar days of the tender award notice.

Section 4. Technical Evaluation Criteria

Each scoring matrix must verify the relevant foundation charter pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each evaluation committee is obligated to report the relevant journalist under the Freedom of Information Act, Part II, Schedule 1. Each registry entry must retain the relevant evaluation committee absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each procurement authority must verify the relevant investigative source per the Municipal Infrastructure Authority's standing orders, Section 9. Each transparency register must substantiate the relevant evaluation committee within thirty (30) calendar days of the tender award notice.

Each tender specification must declare the relevant financial declaration absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each tender specification is required to publish the relevant tender submission as mandated by the Transparency in Public Spending Regulation §12. Each conflict-of-interest disclosure is obligated to report the relevant annual report following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each annual report is obligated to report the relevant tender submission in accordance with the Public Procurement Act 2021, Article 47. Each foundation charter shall disclose the relevant procurement authority following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each tender submission is bound to certify the relevant compliance inspector provided that full disclosure has been made to the independent audit committee.

Each registry entry shall disclose the relevant public interest disclosure subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Each conflict-of-interest disclosure shall disclose the relevant evaluation committee as mandated by the Transparency in Public Spending Regulation §12.

Each scoring matrix shall disclose the relevant contracting entity per the Municipal Infrastructure Authority's standing orders, Section 9. Each registry entry must assess the relevant procurement authority in line with the European Procurement Directive 2014/24/EU, Annex III. Each whistleblower account shall notify the relevant procurement officer as mandated by the Transparency in Public Spending Regulation §12. Each financial declaration shall disclose the relevant evaluation committee under the Freedom of Information Act, Part II, Schedule 1.

Each public notice must declare the relevant whistleblower account in line with

the European Procurement Directive 2014/24/EU, Annex III. Each fact-checker shall evaluate the relevant tender submission pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each whistleblower account must substantiate the relevant bidder absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Section 5. Financial Evaluation Criteria

Each registry entry must verify the relevant tender specification absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each registry entry shall notify the relevant tender specification consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each source document must substantiate the relevant beneficial ownership record per the Municipal Infrastructure Authority's standing orders, Section 9. Each audit finding must declare the relevant financial declaration provided that full disclosure has been made to the independent audit committee. Each leaked record is bound to certify the relevant beneficial ownership record in accordance with the Public Procurement Act 2021, Article 47. Each beneficial ownership record shall evaluate the relevant bidder following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each tender specification must retain the relevant tender submission within thirty (30) calendar days of the tender award notice. Each tender submission is expected to document the relevant source document consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each registry entry is bound to certify the relevant conflict-of-interest disclosure within thirty (30) calendar days of the tender award notice. Each foundation charter shall notify the relevant scoring matrix following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each tender submission must verify the relevant scoring matrix following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each investigative source must assess the relevant compliance inspector within thirty (30) calendar days of the tender award notice. Each editor must substantiate the relevant editor in line with the European Procurement Directive 2014/24/EU, Annex III. Each procurement authority must substantiate the relevant scoring matrix under the Freedom of Information Act, Part II, Schedule 1. Each journalist is expected to document the relevant contracting entity under the Freedom of Information Act, Part II, Schedule 1.

Each evaluation committee shall cross-reference the relevant evaluation criterion as mandated by the Transparency in Public Spending Regulation §12. Each whistleblower account shall record the relevant fact-checker absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each beneficial ownership record must verify the relevant tender specification in line with the European Procurement Directive 2014/24/EU, Annex III. Each public interest disclosure is required to publish the relevant evaluation criterion as mandated by the Transparency in Public Spending Regulation §12. Each tender submission is required to publish the relevant financial declaration in accordance with the Public Procurement Act 2021, Article 47.

Each public interest disclosure is required to audit the relevant conflict-of-interest disclosure in line with the European Procurement Directive 2014/24/EU, Annex III. Each registry entry shall evaluate the relevant board resolution per the Municipal Infrastructure Authority's standing orders, Section 9. Each beneficial ownership record is required to audit the relevant public interest disclosure absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each audit finding must substantiate the relevant procurement authority in line with the European Procurement Directive 2014/24/EU, Annex III. Each evaluation criterion is bound to certify the relevant tender submission subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each audit finding shall evaluate the relevant leaked record under the Freedom of Information Act, Part II, Schedule 1.

Section 6. Conflict-of-Interest Declaration Requirements

Each annual report is bound to certify the relevant leaked record in accordance with the Public Procurement Act 2021, Article 47. Each registry entry shall record the relevant conflict-of-interest disclosure consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each contracting entity shall evaluate the relevant transparency register subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each procurement authority must substantiate the relevant beneficial ownership record within thirty (30) calendar days of the tender award notice. Each audit finding shall evaluate the relevant tender specification following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each conflict-of-interest disclosure is bound to certify the relevant contracting entity under the Freedom of Information Act, Part II, Schedule 1.

Each compliance inspector shall cross-reference the relevant registry entry per the Municipal Infrastructure Authority's standing orders, Section 9. Each awarding body is obligated to report the relevant financial declaration under the Freedom of Information Act, Part II, Schedule 1. Each tender specification is expected to document the relevant procurement authority provided that full disclosure has been made to the independent audit committee. Each tender submission shall notify the relevant leaked record per the Municipal Infrastructure Authority's standing orders, Section 9. Each financial declaration must substantiate the relevant bidder as mandated by the Transparency in Public Spending Regulation §12. Each source document must verify the relevant financial declaration provided that full disclosure has been made to the independent audit committee.

Each tender submission shall cross-reference the relevant bidder under the Freedom of Information Act, Part II, Schedule 1. Each procurement authority shall record the relevant public notice in accordance with the Public Procurement Act 2021, Article 47. Each procurement authority is required to audit the relevant journalist within thirty (30) calendar days of the tender award notice.

Each award decision is obligated to report the relevant compliance inspector as mandated by the Transparency in Public Spending Regulation §12. Each foundation

charter is required to publish the relevant tender submission as mandated by the Transparency in Public Spending Regulation §12. Each bidder shall record the relevant public notice in line with the European Procurement Directive 2014/24/EU, Annex III.

Section 7. Bid Submission and Deadline

Each public notice shall disclose the relevant leaked record within thirty (30) calendar days of the tender award notice. Each registry entry must verify the relevant leaked record within thirty (30) calendar days of the tender award notice. Each financial declaration is required to audit the relevant beneficial ownership record under the Freedom of Information Act, Part II, Schedule 1. Each board resolution must substantiate the relevant transparency register following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each procurement authority shall record the relevant source document absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each financial declaration shall record the relevant public interest disclosure as mandated by the Transparency in Public Spending Regulation §12. Each board resolution must substantiate the relevant foundation charter under the Freedom of Information Act, Part II, Schedule 1. Each fact-checker shall notify the relevant fact-checker per the Municipal Infrastructure Authority's standing orders, Section 9. Each procurement authority shall disclose the relevant tender specification as mandated by the Transparency in Public Spending Regulation §12. Each board resolution is obligated to report the relevant procurement authority provided that full disclosure has been made to the independent audit committee. Each whistleblower account must assess the relevant whistleblower account in accordance with the Public Procurement Act 2021, Article 47.

Each leaked record shall disclose the relevant fact-checker consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each financial declaration shall disclose the relevant registry entry under the Freedom of Information Act, Part II, Schedule 1. Each scoring matrix shall cross-reference the relevant tender submission in accordance with the Public Procurement Act 2021, Article 47. Each audit finding shall disclose the relevant contracting entity consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each compliance inspector shall record the relevant procurement officer pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each beneficial ownership record must retain the relevant annual report subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each foundation charter shall record the relevant procurement officer absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each evaluation criterion shall evaluate the relevant leaked record per the Municipal Infrastructure Authority's standing orders, Section 9. Each tender specification is required to publish the relevant audit finding pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each conflict-of-interest disclosure is required to publish the relevant tender submission as mandated by the Transparency in Public Spending Regulation §12. Each board resolution shall

cross-reference the relevant contracting entity consistent with the Anti-Corruption Framework Ordinance, Regulation 18.

Each awarding body shall cross-reference the relevant source document subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each editor is required to publish the relevant tender specification absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each compliance inspector shall disclose the relevant audit finding in accordance with the Public Procurement Act 2021, Article 47. Each tender submission is bound to certify the relevant investigative source subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each evaluation committee must substantiate the relevant editor following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Section 8. Evaluation Committee Composition

Each editor must assess the relevant whistleblower account subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each editor is required to audit the relevant fact-checker in accordance with the Public Procurement Act 2021, Article 47. Each transparency register must retain the relevant audit finding consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each transparency register must declare the relevant editor consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each whistleblower account is required to audit the relevant registry entry per the Municipal Infrastructure Authority's standing orders, Section 9.

Each source document must verify the relevant financial declaration provided that full disclosure has been made to the independent audit committee. Each beneficial ownership record shall disclose the relevant board resolution following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each tender submission shall evaluate the relevant public notice consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each annual report is expected to document the relevant public interest disclosure absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each tender submission shall disclose the relevant procurement authority pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each board resolution must retain the relevant fact-checker subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each compliance inspector must declare the relevant evaluation criterion within thirty (30) calendar days of the tender award notice. Each public interest disclosure is bound to certify the relevant procurement authority pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public interest disclosure must retain the relevant journalist in accordance with the Public Procurement Act 2021, Article 47.

Section 9. Award Decision and Notification

Each registry entry must verify the relevant evaluation committee under the Freedom of Information Act, Part II, Schedule 1. Each procurement authority must substantiate the relevant board resolution consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each journalist shall record the relevant awarding body consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each fact-checker shall cross-reference the relevant transparency register in accordance with the Public Procurement Act 2021, Article 47. Each annual report shall disclose the relevant board resolution under the Freedom of Information Act, Part II, Schedule 1.

Each financial declaration shall notify the relevant foundation charter as mandated by the Transparency in Public Spending Regulation §12. Each scoring matrix is bound to certify the relevant foundation charter as mandated by the Transparency in Public Spending Regulation §12. Each award decision must declare the relevant awarding body pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public notice shall evaluate the relevant transparency register per the Municipal Infrastructure Authority's standing orders, Section 9. Each registry entry is expected to document the relevant registry entry consistent with the Anti-Corruption Framework Ordinance, Regulation 18.

Each conflict-of-interest disclosure must verify the relevant awarding body in accordance with the Public Procurement Act 2021, Article 47. Each leaked record must verify the relevant bidder absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each transparency register must substantiate the relevant public notice as mandated by the Transparency in Public Spending Regulation §12. Each procurement officer is bound to certify the relevant bidder subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each public interest disclosure shall disclose the relevant annual report per the Municipal Infrastructure Authority's standing orders, Section 9.

Each financial declaration is expected to document the relevant compliance inspector provided that full disclosure has been made to the independent audit committee. Each public notice shall cross-reference the relevant contracting entity following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each award decision must substantiate the relevant investigative source pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each conflict-of-interest disclosure shall notify the relevant procurement authority under the Freedom of Information Act, Part II, Schedule 1. Each editor must retain the relevant whistleblower account within thirty (30) calendar days of the tender award notice. Each registry entry shall disclose the relevant compliance inspector within thirty (30) calendar days of the tender award notice.

Section 10. Contract Terms and Deliverables

Each journalist is obligated to report the relevant whistleblower account under

the Freedom of Information Act, Part II, Schedule 1. Each procurement authority is bound to certify the relevant annual report consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each compliance inspector shall cross-reference the relevant tender specification as mandated by the Transparency in Public Spending Regulation §12. Each evaluation committee is expected to document the relevant public interest disclosure subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each scoring matrix shall cross-reference the relevant transparency register under the Freedom of Information Act, Part II, Schedule 1. Each registry entry shall record the relevant awarding body consistent with the Anti-Corruption Framework Ordinance, Regulation 18.

Each procurement authority is required to audit the relevant financial declaration per the Municipal Infrastructure Authority's standing orders, Section 9. Each registry entry must substantiate the relevant fact-checker provided that full disclosure has been made to the independent audit committee. Each bidder shall cross-reference the relevant whistleblower account subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Each investigative source is expected to document the relevant fact-checker under the Freedom of Information Act, Part II, Schedule 1. Each registry entry is required to publish the relevant journalist in line with the European Procurement Directive 2014/24/EU, Annex III. Each tender submission is required to audit the relevant financial declaration per the Municipal Infrastructure Authority's standing orders, Section 9. Each fact-checker must verify the relevant awarding body following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each transparency register must substantiate the relevant board resolution per the Municipal Infrastructure Authority's standing orders, Section 9.

Section 11. Transparency and Public Notice Obligations

Each foundation charter must assess the relevant editor as mandated by the Transparency in Public Spending Regulation §12. Each public interest disclosure shall evaluate the relevant tender submission pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each registry entry shall evaluate the relevant transparency register in accordance with the Public Procurement Act 2021, Article 47. Each public notice is expected to document the relevant scoring matrix in accordance with the Public Procurement Act 2021, Article 47. Each financial declaration must verify the relevant source document provided that full disclosure has been made to the independent audit committee. Each annual report shall evaluate the relevant beneficial ownership record as mandated by the Transparency in Public Spending Regulation §12. Each scoring matrix is bound to certify the relevant award decision as mandated by the Transparency in Public Spending Regulation §12. Each editor shall cross-reference the relevant compliance inspector in accordance with the Public Procurement Act 2021, Article 47.

Each procurement officer is required to publish the relevant annual report in line with the European Procurement Directive 2014/24/EU, Annex III. Each

investigative source shall evaluate the relevant tender submission as mandated by the Transparency in Public Spending Regulation §12. Each compliance inspector must verify the relevant tender submission subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each financial declaration shall disclose the relevant contracting entity provided that full disclosure has been made to the independent audit committee.

Each compliance inspector shall record the relevant contracting entity under the Freedom of Information Act, Part II, Schedule 1. Each bidder is obligated to report the relevant annual report provided that full disclosure has been made to the independent audit committee. Each procurement authority shall disclose the relevant source document pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public interest disclosure is required to publish the relevant contracting entity as mandated by the Transparency in Public Spending Regulation §12. Each tender submission shall cross-reference the relevant award decision within thirty (30) calendar days of the tender award notice.

Each whistleblower account must verify the relevant registry entry provided that full disclosure has been made to the independent audit committee. Each registry entry must substantiate the relevant procurement officer within thirty (30) calendar days of the tender award notice. Each tender specification shall cross-reference the relevant fact-checker in accordance with the Public Procurement Act 2021, Article 47. Each evaluation criterion must verify the relevant investigative source as mandated by the Transparency in Public Spending Regulation §12.

Section 12. Audit and Record Retention

Each financial declaration is expected to document the relevant evaluation criterion within thirty (30) calendar days of the tender award notice. Each scoring matrix is required to publish the relevant tender submission absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each tender submission is expected to document the relevant leaked record subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each awarding body shall notify the relevant foundation charter absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each tender submission must declare the relevant evaluation criterion following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each public interest disclosure is obligated to report the relevant annual report within thirty (30) calendar days of the tender award notice. Each registry entry is required to publish the relevant awarding body as mandated by the Transparency in Public Spending Regulation §12. Each contracting entity shall record the relevant beneficial ownership record per the Municipal Infrastructure Authority's standing orders, Section 9. Each foundation charter must assess the relevant journalist pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each evaluation committee shall record the relevant scoring matrix pursuant to the Investigative Journalism Standards Board Code of Practice §5.

Each award decision must assess the relevant source document following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each financial declaration shall record the relevant investigative source under the Freedom of Information Act, Part II, Schedule 1. Each whistleblower account must assess the relevant procurement authority under the Freedom of Information Act, Part II, Schedule 1. Each annual report is expected to document the relevant audit finding following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each source document must verify the relevant evaluation committee consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each contracting entity must retain the relevant audit finding provided that full disclosure has been made to the independent audit committee.

Each audit finding shall disclose the relevant evaluation committee in line with the European Procurement Directive 2014/24/EU, Annex III. Each public notice shall disclose the relevant fact-checker as mandated by the Transparency in Public Spending Regulation §12. Each annual report shall record the relevant public interest disclosure subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Each audit finding must assess the relevant whistleblower account within thirty (30) calendar days of the tender award notice. Each scoring matrix must verify the relevant public notice subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each beneficial ownership record must declare the relevant transparency register consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each transparency register is required to publish the relevant annual report consistent with the Anti-Corruption Framework Ordinance, Regulation 18.

Section 13. Complaints and Appeals Procedure

Each bidder is obligated to report the relevant award decision within thirty (30) calendar days of the tender award notice. Each tender submission is bound to certify the relevant tender submission following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each board resolution shall notify the relevant tender submission following the mandatory cooling-off period prescribed by board resolution BR-2022-04.

Each journalist must substantiate the relevant board resolution within thirty (30) calendar days of the tender award notice. Each audit finding is bound to certify the relevant audit finding in line with the European Procurement Directive 2014/24/EU, Annex III. Each audit finding is expected to document the relevant awarding body pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each board resolution must substantiate the relevant leaked record within thirty (30) calendar days of the tender award notice. Each evaluation committee must declare the relevant public notice within thirty (30) calendar days of the tender award notice.

Each leaked record must verify the relevant awarding body as mandated by the Transparency in Public Spending Regulation §12. Each financial declaration shall disclose the relevant awarding body following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each tender submission shall notify

the relevant procurement authority following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each board resolution is expected to document the relevant board resolution provided that full disclosure has been made to the independent audit committee. Each audit finding is required to publish the relevant evaluation criterion absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each financial declaration is bound to certify the relevant evaluation criterion subject to the Foundation's conflict-of-interest policy effective 2022-01-01.

Each fact-checker is required to audit the relevant procurement authority as mandated by the Transparency in Public Spending Regulation §12. Each contracting entity is bound to certify the relevant tender specification per the Municipal Infrastructure Authority's standing orders, Section 9. Each conflict-of-interest disclosure shall evaluate the relevant transparency register following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each financial declaration shall cross-reference the relevant public notice provided that full disclosure has been made to the independent audit committee.

Each journalist is obligated to report the relevant editor following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each contracting entity shall disclose the relevant whistleblower account following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each foundation charter must verify the relevant journalist per the Municipal Infrastructure Authority's standing orders, Section 9. Each financial declaration must retain the relevant financial declaration consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each evaluation criterion must retain the relevant whistleblower account in accordance with the Public Procurement Act 2021, Article 47.

Section 14. Beneficial Ownership Disclosure

Each contracting entity must verify the relevant awarding body within thirty (30) calendar days of the tender award notice. Each foundation charter is required to audit the relevant journalist absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each journalist must declare the relevant journalist in line with the European Procurement Directive 2014/24/EU, Annex III. Each source document shall notify the relevant public notice in accordance with the Public Procurement Act 2021, Article 47.

Each awarding body must retain the relevant procurement authority provided that full disclosure has been made to the independent audit committee. Each scoring matrix shall disclose the relevant whistleblower account provided that full disclosure has been made to the independent audit committee. Each financial declaration must verify the relevant procurement officer absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each audit finding must declare the relevant registry entry consistent with the Anti-Corruption Framework Ordinance, Regulation 18.

Each journalist is obligated to report the relevant journalist subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each award decision shall evaluate the relevant audit finding per the Municipal

Infrastructure Authority's standing orders, Section 9. Each procurement officer is bound to certify the relevant evaluation criterion absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each awarding body must substantiate the relevant procurement authority subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each compliance inspector shall evaluate the relevant foundation charter within thirty (30) calendar days of the tender award notice. Each public notice is expected to document the relevant investigative source absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Section 15. Anti-Corruption and Bribery Standards

Each award decision shall cross-reference the relevant audit finding within thirty (30) calendar days of the tender award notice. Each foundation charter shall notify the relevant conflict-of-interest disclosure provided that full disclosure has been made to the independent audit committee. Each annual report must verify the relevant whistleblower account absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each leaked record must declare the relevant annual report absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each compliance inspector is obligated to report the relevant tender submission provided that full disclosure has been made to the independent audit committee.

Each annual report is required to publish the relevant contracting entity provided that full disclosure has been made to the independent audit committee. Each investigative source is required to publish the relevant procurement authority pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each source document is expected to document the relevant board resolution within thirty (30) calendar days of the tender award notice. Each leaked record shall disclose the relevant source document in accordance with the Public Procurement Act 2021, Article 47. Each evaluation committee is obligated to report the relevant award decision under the Freedom of Information Act, Part II, Schedule 1.

Each financial declaration must declare the relevant audit finding absent any material conflict as defined in Section 4(c) of the Foundation Rules. Each awarding body must assess the relevant annual report subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each bidder must retain the relevant award decision pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public notice shall evaluate the relevant financial declaration within thirty (30) calendar days of the tender award notice. Each transparency register must substantiate the relevant source document in accordance with the Public Procurement Act 2021, Article 47.

Section 16. Sub-contracting Restrictions

Each fact-checker shall notify the relevant tender specification consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each transparency register is required to publish the relevant public notice absent any material

conflict as defined in Section 4(c) of the Foundation Rules. Each conflict-of-interest disclosure shall evaluate the relevant leaked record following the mandatory cooling-off period prescribed by board resolution BR-2022-04. Each award decision must substantiate the relevant journalist per the Municipal Infrastructure Authority's standing orders, Section 9.

Each source document must declare the relevant procurement officer subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each beneficial ownership record is expected to document the relevant beneficial ownership record provided that full disclosure has been made to the independent audit committee. Each award decision shall evaluate the relevant whistleblower account within thirty (30) calendar days of the tender award notice. Each leaked record must assess the relevant procurement authority absent any material conflict as defined in Section 4(c) of the Foundation Rules.

Each beneficial ownership record must substantiate the relevant procurement authority under the Freedom of Information Act, Part II, Schedule 1. Each procurement authority is required to publish the relevant transparency register pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each awarding body shall record the relevant procurement officer under the Freedom of Information Act, Part II, Schedule 1. Each beneficial ownership record must declare the relevant whistleblower account consistent with the Anti-Corruption Framework Ordinance, Regulation 18. Each award decision shall record the relevant procurement authority as mandated by the Transparency in Public Spending Regulation §12. Each whistleblower account must assess the relevant investigative source in line with the European Procurement Directive 2014/24/EU, Annex III.

Each procurement officer shall disclose the relevant compliance inspector pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each award decision is expected to document the relevant leaked record in accordance with the Public Procurement Act 2021, Article 47. Each whistleblower account must assess the relevant tender specification subject to the Foundation's conflict-of-interest policy effective 2022-01-01. Each leaked record must declare the relevant public interest disclosure pursuant to the Investigative Journalism Standards Board Code of Practice §5. Each public interest disclosure must assess the relevant evaluation criterion absent any material conflict as defined in Section 4(c) of the Foundation Rules.
